Meet us at GlassBuild AMERICA

Finally, we are able to resume in person events and are very much look forward to meeting you at GlassBuild America 2021.

The USA is a key market for the Bavelloni brand, GlassBuild America is a fantastic opportunity to reengage face to face, especially after so long.

"GBA represents one of the main platforms gathering the largest audience of professionals and visitors for the entire glass industry in the Americas, we are therefore thrilled to attend this show and confident it will help consolidating our relationships with our established customers, bring new opportunities for promoting our business and for networking with prospects," says Walter Schlup (Bavelloni America Inc. Senior Vice President).

The Bavelloni Team is extremely happy to welcome visitors to Bavelloni America's **booth #1943** and present our expanding range of glass processing solutions.

To register for free, visit <https://www.glassbuildamerica.com/registration> and use our Customer Guest Pass Code: **EX21NGA**

Bavelloni SpA provides flat glass processing technology and services for the architectural, furniture, domestic appliance and solar industries. During over 70 years of operation, we have delivered more than 25.000 glass processing machines to more than 100 countries. Our extensive range includes CNC machines and technologies for cutting, edging, bevelling, drilling/milling and washing as well as genuine spare parts for our machinery and a wide range of diamond and polishing tools. Our equipment are available as standalone solutions as well as integrated lines.
